TUMKUR TOWN MUNICIPALITY.

Dated 2nd March 1908.

1. A person who buys a building site from the Municipality takes it in order to erect thereon a dwelling for himself. He will not be competent to sell or otherwise dispose of it without the express permission of the President in writing.

2. The main building should be constructed with a basement not less than two feet high with floor of concrete or cement or Kadapa stone or flooring tiles, with roof of Mangalore tiles, or terraced and with doors and windows in sufficient number and of sufficient dimensions to allow free light and air.

3. The main building should be put in hand within two months from this date and the foundation should be brought up to the agreed height of plinth in another two months and the house itself completed within another eight months from then.

4. A ground plan of the proposed house will be forwarded to the President within 15 days from the date of the sale of the site.

5. Sufficient open space will be left all round the main building as may be required by the President and the necessary out-houses and latrines will be constructed on such portions of the site as may be pointed out by the President or by some officer of the Municipality as may be deputed by him.

6. The overcrowding of sites will not be permitted. The house and out-houses and latrines should not be extended nor can additional buildings be put up.

7. Seeing that the object of acquiring lands and alienating them to towns for extensions is often frustrated by overcrowding in allotted sites and by the construction of ill-lighted and ill-ventilated houses, of houses not sufficiently raised from the ground and of houses ill provided against rats in roof and floor, the purchaser shall scrupulously adhere to all the conditions herein.

8. Upon breach of any of the above conditions it shall be open to the President to resume the site upon a week's notice with all constructions thereon and to sell the site and constructions in a public sale or to anybody he likes. The purchaser will be entitled to receive the

realizations by sale minus the costs incident to the sale. He will not be entitled to complain that the realizations are disproportionate to the expenses incurred by him. He will not be entitled to receive back the value of the site paid to the Municipality.

9. The President will be at liberty, for reasons to be explained by him in writing, to relax any of the above conditions provided that such relaxation does not interfere with the spirit of the condition.

10. Whether any case calls for the operation of the preceding clause would be solely for the President to judge.

11. In the case of those whose means would not allow of houses as described in para 2 *supra*, other suitable specification will be imposed. As it is undesirable that houses affording little protection against the plague or other epidemic should stand near houses built at some cost in order to secure the needed protection, the President will, in each case, select the locality and site. Sites for houses to be built according to para 2 *supra* will be indicated by the letter A and the other sites by the letter B.

K. DORASWAMI IYER,

Under Section 8 (1) of the Mysore Municipal Regulation, VII of 1906, it is hereby announced that it is proposed to constitute the Chikmagalur Town into a Municipality. All persons who entertain any objection to the said proposal are required to submit the same to the Deputy Commissioner of the Kadur District, with reasons therefor in writing within two months from the date of the first publication of this proclamation in the *Mysore Gazette*.

The northern boundary line of the Municipality commences at the point where Survey No. 125 of the Basavanahalli village meets the Chikmagalur-Tarikere Provincial road at ¼ mile and runs to the north traversing the western boundary of Survey No. 27 of Basavanahalli village. Then runs eastward on the northern boundary of the same survey number and runs south to meet the northern boundary of Survey No. 26 of Basavanahalli village. Then turning to the eastern side of the above survey number, it crosses the cart-track to Kempanahalli and thereafter runs in the northern and eastern extremities of Survey Nos. 25 and 24 and the northern boundaries of Survey Nos. 21 and 20 of Kempanahalli village and continues in the northern and eastern part of the cantour line of the Basavanahalli tank, till it meets the Kadur-Mangalore road at the point where the drawing well of Dantramakki village is and passes from the well on the northern side of the Kadur-Mangalore road until it meets the Dantramakki-Heremagalur District Fund road at 5/152 mile of Kadur-Mangalore road.

The eastern boundary beginning at mile 5/152 of Kadur-Mangalore road runs to the south on the Dantramakki-Heremagalur District Fund road on the eastern side of it on the western borders of Nariguddenhalli village and Survey Nos. 354, 353, 352, 351, 250, 251, 253, 257, 267 and Chikkakurubarahalli village and Survey Nos. 286, 287, 289, 290, 291, 216, 812, 811, 295 and 4 of Heremagalur village till it meets the drinking water pond of that village. It passes on the northern side of it and runs south on the western borders of Survey Nos. 798 and 799 and on the eastern border of Survey No. 796 of Heremagalur village, where it ultimately meets the Hassan-Chikmagalur Provincial road at mile 3-35, where the boundary stone is fixed.

The southern boundary commences from the boundary stone fixed at mile 3/35 of Hassan-Chikmagalur road and runs in the north-western direction, on the western side of it traversing the eastern boundary of Survey Nos. 24, 19, 18, 17, 16, 14, 11 and 10 of Heremagalur village and then changes direction by running to the west on the northern borders of Survey Nos. 10, 208, 206, 90, 100, 101, 102, 103, 104, 107, 106, 109 and 110 of Heremagalur village and 129, 127, 126, 125, 124 of Chikmagalur village. The western boundary line commencing at this point passes north-west, going on the eastern boundary of Survey Nos. 38, 39, 42, 43, 44, 45, 355, 46, 47, 351, 48, 49, 356 and 64 of Chikmagalur village where it meets the Kadur-Mangalore road at mile 6—155 where the boundary stone is fixed and then it runs in the northern direction on the eastern borders of Survey Nos. 65, 66, 67 and 75 of Chikmagalur village meeting the kasaba irrigation channel the western bank of which then becomes the western boundary till it crosses the Chikmagalur-Yedahalli road at mile 6—1. From this point the western bank of the Ramanhalli Channel forms the remaining western boundary till it meets western boundary of Survey No. 19 of Ramanhalli village and turns eastward from the north of the same Survey No. 19 to meet the northern boundary we commenced from.

AUDIT REPORT FOR FEBRUARY 1908.

Vouchers 54 and 55 relate to payments made to the contractor for supplies of the articles of diet in the Epidemic Diseases Hospital. It does not appear that tenders are called for the supply in this institution. From a perusal of the bill, it is also difficult to follow the contractor's rates as every article is shown in weight and not according to bazaar practice of showing in measures as shown in the statistical returns of the prices of grains published in the Gazette. An improvement on the existing system may be profitable to the Board.

20th March 1908.

D. VENKATARAMAYYA,
B. APPAJAIYA,

2. Government Proceedings No. 6037-6—Ml. 470-06-6, dated the 23rd December 1907, declining to sanction the annual contribution applied for from State Funds towards the up-keep of the roads in the new extensions and urging the necessity for an endeavour being made to husband their resources by finding new sources of revenue to meet their increasing demands, etc.

Resolved that, in view of the several improvements that are to be undertaken for improving the sanitation of the City by removing congestion, providing quarters for sweepers, constructing model dairy farms, etc, the Council feel unable to maintain the costly roads of the extensions until at least houses are built on all the vacant sites (for which stringent notices have been issued to the owners) and they therefore urge that Government be requested to sanction the annual contribution as hitherto.

3. The General and Revenue Secretary's docket No. 7346-55—Med. 67-07-5, dated the 27th January 1908, regarding compulsory vaccination.

Resolved that compulsory vaccination be introduced into the whole of the City for a period of one year, commencing from the 1st of May next.

4. Consideration of the draft Bye-laws for the regulation of bakeries, sweetmeet shops and native hotels and for the manufacture, preparation and sale of articles of drink in the City.

Resolved that the Bye-laws be adopted and recommended to Government for sanction.

5. Government Proceedings No. 7856—Ml. 244-07-2, dated the 10th February 1908, requesting for further consideration by the Council in the matter of an amendment to Section 77 (2) of the Municipal Regulation of 1906.

Resolved that, in the interests of Octroi Revenue, it is essential to have provisions analogous to Section 62F of the old Regulation inserted in the New Municipal Regulation.

6. Draft Bye-laws relating to assessment, demand and collection, levy of toll and octroi and tax on vehicles and animals in the City.

Resolution.—May be adopted.

7. Consideration of the draft Bye-law for the regulation and levy of a tax on Arts, Professions, Trades and Callings in the City.

Resolution.—Deferred till the next meeting.

8. Draft Budget Estimates of Receipts and Expenditure of the City Municipal Council for the year 1908-09.

Resolution.—Passed.

9. The General and Revenue Secretary's docket No. 8620—Ml. 430-07-2, dated the 29th February 1908, in the matter of an application from the Agents of the Mysore Spinning and Manufacturing Company, Limited, for permission to enclose certain Government land and a section of the Subedar Chattram road within the Mill premises with a view to extend the present weaving shed.

Resolved that the question be referred to a Sub-Committee consisting of Messrs. Venkatarangiengar, Gangaiya, Dorasami Iyer, Ramaswami Chetty and the Vice-President for inspection of the locality and report.

10. The General and Revenue Secretary's docket No. 8329—Ml. 410-07-2, dated the 21st February 1908, pointing out the desirability of providing the City with sanitary dairies and dairymen's quarters in suitable localities and the framing of Bye-laws for their control.

Resolved that the subject be referred to a Sub-Committee consisting of Messrs. Gangaiya, Veerabhadra Chetty, Appajaiya, Ramachandra Mudaliar and the Vice-President for investigation and report.

TUMKUR TOWN MUNICIPALITY.

Dated 2nd March 1908.

1. A person who buys a building site from the Municipality takes it in order to erect thereon a dwelling for himself. He will not be competent to sell or otherwise dispose of it without the express permission of the President in writing.

2. The main building should be constructed with a basement not less than two feet high with floor of concrete or cement or Kadapa stone or flooring tiles, with roof of Mangalore tiles, or terraced and with doors and windows in sufficient number and of sufficient dimensions to allow free light and air.

3. The main building should be put in hand within two months from this date and the foundation should be brought up to the agreed height of plinth in another two months and the house itself completed within another eight months from then.

4. A ground plan of the proposed house will be forwarded to the President within 15 days from the date of the sale of the site.

5. Sufficient open space will be left all round the main building as may be required by the President and the necessary out-houses and latrines will be constructed on such portions of the site as may be pointed out by the President or by some officer of the Municipality as may be deputed by him.

6. The overcrowding of sites will not be permitted. The house and out-houses and latrines should not be extended nor can additional buildings be put up.

7. Seeing that the object of acquiring lands and alienating them to towns for extensions is often frustrated by overcrowding in allotted sites and by the construction of ill-lighted and ill-ventilated houses, of houses not sufficiently raised from the ground and of houses ill provided against rats in roof and floor, the purchaser shall scrupulously adhere to all the conditions herein.

8. Upon breach of any of the above conditions it shall be open to the President to resume the site upon a week's notice with all constructions thereon and to sell the site and constructions in a public sale or to anybody he likes. The purchaser will be entitled to receive the realizations by sale minus the costs incident to the sale. He will not be entitled to complain that the realizations are disproportionate to the expenses incurred by him He will not be entitled to receive back the value of the site paid to the Municipality.

9. The President will be at liberty, for reasons to be explained by him in writing, to relax any of the above conditions provided that such relaxation does not interfere with the spirit of the condition.

10. Whether any case calls for the operation of the preceding clause would be solely for the President to judge.

11. In the case of those whose means would not allow of houses as described in para 2 *supra*, other suitable specification will be imposed. As it is undesirable that houses affording little protection against the plague or other epidemic should stand near houses built at some cost in order to secure the needed protection, the President will, in each case, select the locality and site. Sites for houses to be built according to para 2 *supra* will be indicated by the letter A and the other sites by the letter B.

" K. M. Appiah.
" N. Rama Rao.
" P. Ranganna.

The meeting was convened at Chikmagalur on the 19th February 1908.

The Committee is of opinion that the District Sanitary Board should be a purely advisory Board whose duty is to advise the District and Municipal Boards in regard to all sanitary schemes and measures relating to such Boards. In the present state of the finances of the District

Funds in this district, there is little or no money left for any works, whether sanitary or otherwise, after meeting the fixed and recurrent charges, such as maintenance of roads and cost of the permanent establishment and other Civil charges and hence it is impossible to place any portion of the District Funds at the disposal of the District Sanitary Board to be administered. Even if such funds were available it cannot be placed at the disposal of the Sanitary Board unless the Board is provided with an establishment working under its orders. The Work Inspector or Sanitary Inspectors cannot be placed under the Board as they will then be subordinate to two authorities. The Sanitary Board and the Amildar (on behalf of the District Board); and such dual control over them will certainly not be conducive to the efficient discharge of these duties by them.

Read letter No. 2090-97, dated 7th January 1908, from the Sanitary Commissioner, enquiring if the Sanitary Inspector in the district have been placed under the order of the District Medical and Sanitary Officer.

Resolved that it is highly inexpedient, unadvisable and objectionable to remove the Sanitary Inspector and Assistant Sanitary Inspector from the control of the Revenue Officers and place them under the District Sanitary Officer.

(1) The Sanitary Inspector and Assistant Sanitary Inspectors have, in addition to sanitary, also to supervise and carry out the Public Works Department works, such as well works, repairs to buildings, etc., sanctioned from Municipal and District Funds and which are now looked after by the Work Inspectors. In Municipalities they have also to supervise the collection work of mohatarfa, octroi, etc. They cannot attend to these items of work unless they are subordinate to the Amildar concerned.

(2) The duty of the Sanitary and Assistant Sanitary Inspectors is not merely to find fault, scrutinize, but they should themselves take necessary action to rectify any defect that may come to their notice. This they cannot effectually do in that the support desired by the subordination of the officer.

(3) The District Sanitary Officer cannot even when the present District Medical and Sanitary Officer is replaced by a full-time officer, exercise effective control and supervision over the Sanitary and Assistant Sanitary Inspectors in the different taluks. Freed from the control of the Amildar who has opportunities of seeing them and checking their work every day and placed under an officer who can see them and check their work at only rare intervals. These Sanitary Inspectors are not likely to be of much use to the public and give any satisfaction in the discharge of their duties.

(4) So long as the pay of the Sanitary and Assistant Sanitary Inspectors is met from the Municipal and District Boards, it is only reasonable that they should be subordinate to the Boards concerned and that they should not be removed from the control of these Boards and placed under an officer who is not subordinate to these Boards.

Proceedings of the Sub-Committee meeting concerned on the 21st February 1908, in the Deputy Commissioner's Office, Kadur District, to consider the question of reduction of expenditure on roads, etc., in the district.

After much discussion the Sub-Committee has resolved that the following roads be recommended to Government for maintenance from Provincial Funds :—

(1) *Shimoga-Yedahalli road.*—The present mileage allotment for this road is Rs. 1,050. There is good traffic on the road and the curtailment of the present mileage allotment is therefore not feasible. The District Board is not in a portion to maintain this costly road.

If the Government are not prepared to take up the road for maintenance from the Provincial Funds, the next alternative is to open a toll-gate for levy of toll on the road near Hale Danivasa, 3 miles from Yedahalli. The income from this source is estimated at Rs. 500 exclusive of the working charges.

(2) *Uppalli-Hirekolale-Bababudan Hill road.*—The allotment for this road is at present Rs. 180. The Committee is of opinion that the last two miles are unnecessary and it may therefor be omitted.

(3) *Santaveri-Kalhatti road.*—The allotment for this road is at present Rs. 225. The Chikmagalur-Santaveri road is maintained from the Provincial Funds. Moreover the Kalhatti travellers' bungalow has been converted into a health resort and is not open to the public and hence the road in question is not used by the general public in the district. The Committee is therefore of opinion that the road in question should be legitimately maintained from Provincial Funds, and that the allotment made therefor from District Funds may be struck off.

(4) *Chikmagalur-Yedehalli road.*—The allotment of this road is Rs. 400. This is mostly used by the Forest Department. If the Government are not prepared to take up the road for maintenance from Provincial Funds, the Forest Department should be asked to meet at least ½ the expenditure. If both these alternatives do not meet with the approval of Government the mileage allotment will have to be curtailed by 50 per cent.

Bababudan Hill road.—This road may be taken over for maintenance by Provincial Funds, as the District Funds cannot afford to meet the annual cost of Rs. 3,280 to be incurred for its upkeep in the present poor condition of the Board's finances.

President.

REVENUE DEPARTMENT.

Circular No. 12111-8, *dated 28th April—7th May* 1908.

To—The Deputy Commissioners of all Districts.

The Inspector of Sorting of Records having brought to the notice of the undersigned certain defects in the working of the Record branches of the Districts and Taluk Offices, the following instructions are issued for the guidance of the Officers concerned :—

2. The Inspector reports that men possessing no knowledge of the Record Sorting Rules or experience of the records are often appointed as record-keepers and daftarbands, that record-keepers are sometimes taken away from the legitimate work and put on other duty or are entrusted with additional work of other departments, such as verification of service registers, preparation of periodical returns, inspection of boundary marks, etc. In para 2 of this Office Circular No. 3498-3506 of 12th—14th September 1907, attention has been drawn to the necessity that exists for placing intelligent and capable men in charge of records especially at this stage when a large bulk of old records have to be examined and arranged. It is therefore very important that the Inspecting Officers and the Officers in the District, charged with the supervision of the record department should promptly bring to the notice of the Deputy Commissioners and Sub-Division Officers the names of such of the existing record-keepers and daftarbands as are incompetent and report to them cases of transfers of capable men from the record department before the completion of the work as well as where the men have been saddled with extra work to the detriment of the Record Sorting Work. The Inspector will submit for the information of the undersigned the reports so made and the action taken thereon by the Deputy Commissioners and Sub-Division Officers.

3. The Inspector also brings to notice that there is great laxity in the handing over of the records relating to matters finally disposed of to the record-keeper and that they are retained by clerks for indefinitely long periods and sent to the record-keeper without proper arrangement or "Pherists." The presiding officers should see that standing orders contained in the late Chief Commissioner's Circular No. 522-3 of 8th June 1864 and quoted below are strictly complied with :—

"65. Every.....cases will have an index showing the number of all the papers belonging to it with an abstract or their purport and each paper will have its number written on the right hand upper corner ..... The papers will be collected, numbered, stitched and indexed by the Revenue gumasta or munshi before the case is delivered to the record-keeper who is positively interdicted from receiving for record any cases not prepared according to these directions."

"66. Decided cases will be handed over to record-keepers, if possible, week after week and should not be retained under any circumstances longer than a month."

"67. The correspondence which is chronologically arranged, will be similarly prepared in bundles each containing the correspondence of a month and will be encircled with a wrapper showing the office to which it refers and the date and be tied before delivery to the record-keeper."

4. There appear to be no definite instructions as to what records should be preserved in the Record Rooms of the District and Taluk Offices respectively. The Inspector reports that in a certain taluk police records were found placed along with the Revenue Records and under the custody of the Revenue record-keeper though a separate staff and accommodations is available for the former, that except in the Kolar District, Treasury papers relating to the District Treasury are also placed in the District Record rooms and that Local Fund records are also similarly mixed up. The general rule should be that records of a branch in which provision exists for record staff and accommodation for keeping the records should be filed and sorted in that branch. For example it may be laid down as a general rule that in the Central Record Rooms of District Offices, only Revenue records should be kept and that in the Taluk Record Rooms the Revenue including maramat, financial and magisterial records only should find a place. In cases where other records are being kept at present in the Revenue

Record Rooms for want of separate accommodation, steps should be taken early for remedying this irregularity.

5. The Inspector reports that there is an impression among some Amildars that no responsibility rests on them to have the sorting of the records in their taluk properly carried out. It is hard to credit that any Amildars could entertain such an erroneous idea of their obligations in this matter, such men should be strictly warned and cases of omissions on their part to enforce due performance of the duties of the Taluk Sheristadars and the record staff in this respect should be reported to the undersigned for suitable notice being taken.

Notification No. 11999, *dated 2nd—5th May* 1908.

Under Article 177 of the Mysore Service Regulations, Mr. S. Srinivasa Iyengar, Acting Amildar of the Hunsur Taluk, is granted privilege leave of absence for ten days with effect from the 25th April 1908.

2. The Sheristadar of the taluk will be in charge of the Amildar's duties during the absence of Mr. Srinivasa Iyengar on leave.

No. 4.—Communications on post-cards or on paper less than half a sheet of foolscap, will not receive attention.

No. 5.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6.—Complaints regarding non-receipts of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

It is therefore requested that, when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

AUDIT REPORT FOR MARCH 1908.

The collections during the month are satisfactory.

Voucher No. 11 relates to the establishment charges of the Collector's Office. The proper amount is Rs. 470-3-7, but the amount drawn is Rs. 477. The excess requires explanation.

Voucher No. 91 relates to the payment of Rs. 170-13-8 towards watering the roads. With the exception of a very small amount almost the whole amount is spent on watering the roads of one Division. Other important roads too deserve some attention in this respect.

Official Memorandum No. 12864-71, *dated* 19—26*th May* 1908.

Subject :—

1. Letter No. 335, dated 15th February 1907, from the Deputy Commissioner, Chitaldrug District, submitting proposals for the adoption of a fortnightly diary to be maintained by shekdars.

No. 511, dated 3rd April 1907, Kadur
No. 640, dated 11th April 1907, Tumkur.
No. 690, dated 7th May 1907, Shimoga.
No. 814, dated 23rd May 1907, Mysore
No. 162, dated 6th July 1907, Kolar.
No. 121—R., dated 20th August 1907, Hassan.
No. 458, dated 17th January 1905, Bangalore.

2. Replies from the Deputy Commissioners of the other districts (as noted in the margin) to this office Circular No. 10854-60, dated 18th March 1907, calling for their opinions on the subject.

The Deputy Commissioners of all the districts except Mysore and Hassan are in favor of the proposal to prescribe a diary of work to be maintained by shekdars. In the Shimoga and Kadur Districts the submission of diaries is reported to be in force, the form adopted in the two districts being identical and consisting of 12 columns requiring information on various points relating to inspection of boundary marks and village accounts, sanitary condition of the villages inspected, etc., with a summary of the work done by the shekdar during the fortnight. The Deputy Commissioners of Bangalore, Kolar and Tumkur Districts consider the form well adopted for the diary and recommend its introduction so as to give them a means of checking the work of the shekdars. The Deputy Commissioners of Mysore and Hassan, on the other hand, are of opinion that the shekdar ought not to be burdened with the work of writing fortnightly diaries which will take up much of his time and will interfere with his executive duties. The former thinks that the Amildar can exercise effective supervision over the work of the shekdar even without the aid of his diary, provided the Amildar realises his responsibilities in the matter. The latter is of opinion that it is sufficient to require a monthly diary being maintained containing a concise statement of the work done by the shekdar from day to day.

2. The Revenue Commissioner is not in favor of prescribing a diary such as that proposed by the Deputy Commissioner, Chitaldrug. The Amildar is responsible to see that the shekdars do their work properly and the "To" and "From" Registers should show what papers are pending. But in accordance with the general opinion of the Deputy Commissioners a simple diary may be prescribed for the purpose. The Revenue Commissioner directs that a monthly diary in the Form A appended hereto showing the work done by the shekdars from day to day may be adopted in all the districts. These diaries will, on receipt from the shekdars, be submitted by the Amildar with his remarks, to the Sub-Division Officer together with an abstract (in Form B) similar to the one used in connection with the itineration journals of Amildars submitted to this office. The Sub-Division Officer may be required to check the original diaries and return them with his remarks for the guidance of the shekdars and submit the abstract referred to, with his review thereon to the Deputy Commissioner for information and needful orders, if any.

The printed form of diary submitted by the Deputy Commissioner, Chitaldrug, reported to be in use in the Shimoga and Kadur Districts being needlessly elaborate and involving a considerable amount of writing work may be discontinued.

1. Read and confirmed proceedings of the last meeting held on the 14th February 1908.

2. Read and passed details of receipts and expenditure for the month of October 1907 as audited by the Comptroller.

3. Read Revenue and General Secretary's docket No. 7346-55—Med. 67-07-5, dated 29th January 1908, calling for the copy of the resolution of the District Board whether it is considered desirable to declare vaccination compulsory and if so in what places and for what period.

The Board think that the good effects of vaccination are getting known more and more widely and that it is best to leave well alone. Making it compulsory might only serve to rouse the distrust of the public and retard the progress that vaccination is making now.

4. Read—

(*a*) Revenue and General Secretary's Official Memorandum No. 6939—L. B. 249-07-2, dated 21st January 1908, forwarding a petition from the inhabitants of Bukkapatna in the Sira Taluk, praying for the construction of tunnels across the Bukkapatna and Huildoray hullas in the Sira-Bukkapatna road for the disposal of the Board.

(*b*) Maddagiri Sub-Division Officer's No. 1124, dated 30th March 1908, stating that the construction of tunnels referred to in the Secretary's Official Memorandum is necessary for the free passage of traffic and that the work which will cost more than Rs. 2,000 may be recommended to be carried out at the cost of the Public Works Department as resolved by the Taluk Board.

Resolved that the resources of the Board do not permit of their undertaking these tunnels now. There are many large streams in the Province still unbridged. Tunnels must come in the order of their importance.

5. Read and recorded Government Proceedings No. 6715-25—L. B. 255-07-4, dated 6th January 1908, sanctioning the budget estimates of the Local Funds General for 1907-08.

Resolved that a fee of six annas may be charged on each occasion a bull is allowed to serve.

7. Read and recorded Government Proceedings No. 8748-94—Ml. 393-07-3, dated the 26th February 1908, stating that District Medical and Sanitary officers are not competent to address Amildars and issue instructions in matters of sanitation, sinking of wells, evacuation of villages, etc., and directing that any communication which the Sanitary Commissioner may have to make should be addressed to the Deputy Commissioner who will issue the necessary executive orders to Amildars.

8. Read and recorded Government Proceedings No. 9971-9—San. 144-07, dated 4th April 1908, directing that the non-official members of the District Sanitary Boards will not be life members but will hold office for a period of three years from date of appointment.

9. Read Revenue and General Secretary's docket No. 10387—Med. 143-07-5, dated 18th April 1908, requesting to place the matter of opening a properly equipped dispensary at Amrutur instead of appointing a native pandit there and to submit a copy of the resolution of the Board as to whether they agree to bear the entire cost of the Local Fund Dispensary if one is opened at Amrutur.

The Board are not agreeable to the Senior Surgeon's proposal and would be satisfied with a Vaidyasala and a pandit. The Board cannot afford the cost of a Dispensary and a Hospital Assistant and establishment.

11. Read Sanitary Commissioner's docket No. 3467, dated 12th March 1908, requesting a reply regarding the formation of District Sanitary Board.

EXCISE DEPARTMENT.

Notice dated 26th May 1908.

It is hereby notified for the information of the Public that Yellow paint will be used for marking toddy yielding trees licensed to be tapped in the Mysore State during the official year 1908-09.

Notification No. 10754, dated 3rd June 1908.

NOTICE OF SALE OF FOREIGN LIQUOR LICENSES FROM 1908 to 1911.

Notice is hereby given that the privilege of selling Foreign Liquor under the licenses mentioned in the subjoined schedule during the three years beginning 1st July 1908 and ending 30th June 1911, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose on the dates and at the District Headquarters mentioned in the schedule, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

2. A deposit of Rs. 20 must be made by each bidder previous to bidding and will be received at any time within three days previous to the date of sale.

3. The shops will be put up to auction at an upset price of Rs. 150 per annum.

4. Every shop should, as a rule, be sold independently.

5. No person will be allowed to bid for another unless he holds a Power-of-Attorney from the latter.

6. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised Company or firm by means of a Power-of-Attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

7. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason.

8. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

9. In cases of dispute at the time of auction the selling officer's decision shall be final; and if for any reason the highest bid is rejected the next highest shall be taken or the shop re-sold at his discretion.

10. Tenders after auction shall not generally be accepted. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction later on. But the Deputy Commissioner has full discretion on this point.

11. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of two months' rent (in addition to the deposit made under condition 2) for each shop unless the initial deposit equals or exceeds six months' rent. Should he fail to do so, the deposit made by him under condition 2 will be forfeited and the shops will be put up again to auction on the above conditions or otherwise disposed of as the selling officer may determine and the defaulter will be debarred from bidding again for the same or for any other shop.

12. Persons to whom shops have been knocked down and who have made deposits as provided in conditions 2 and 11 shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice and they shall also *deposit such further sum as with the former deposits will make up six months' rent. Such deposit should be paid into the Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address, or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and

*Deposits may be in cash or other approved security.

assigns. Should the initial deposit exceed the sum required to be deposited under this condition, the excess will be refunded unless the purchaser is required to make a deposit (twice that sum) under condition 13 *infra*.

13. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition 12 *supra* or to get a surety or sureties, residents of and possessing sufficient property in the Mysore State to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

14. As soon as the sales are over, the sale conducting officer shall forward a list of the successful bidders to the Amildar of the taluk concerned who shall enquire into the solvency of and record the amount of deposit or surety required from each purchaser. He should submit the list so prepared to the selling officer within five days of its receipt and the latter should submit the same with his remarks to the Deputy Commissioner for confirmation without delay.

15. On the failure of any person to make deposit under condition 12 or to comply with the requisition under condition 13 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop be re-sold or otherwise disposed of at the discretion of the Deputy Commissioner.

16. Re-sales effected under condition 15 will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

17. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

18. The deposit referred to in condition 12 or condition 13, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Deputy Commissioner and the licensee so agreed, it may be credited towards the last instalment of the khists payable by the latter.

19. The licenses issued under the above clauses will be subject to the following conditions:—

EXCISE DEPARTMENT.

Notice dated 26th May 1908.

It is hereby notified for the information of the Public that Yellow paint will be used for marking toddy yielding trees licensed to be tapped in the Mysore State during the official year 1908-09.

Notification No. 10754, dated 3rd June 1908.

NOTICE OF SALE OF FOREIGN LIQUOR LICENSES FROM 1908 to 1911.

Notice is hereby given that the privilege of selling Foreign Liquor under the licenses mentioned in the subjoined schedule during the three years beginning 1st July 1908 and ending 30th June 1911, will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose on the dates and at the District Headquarters mentioned in the schedule, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

2. A deposit of Rs. 20 must be made by each bidder previous to bidding and will be received at any time within three days previous to the date of sale.

3. The shops will be put up to auction at an upset price of Rs. 150 per annum.

4. Every shop should, as a rule, be sold independently.

5. No person will be allowed to bid for another unless he holds a Power-of-Attorney from the latter.

6. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised Company or firm by means of a Power-of-Attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

7. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason.

8. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

9. In cases of dispute at the time of auction the selling officer's decision shall be final; and if for any reason the highest bid is rejected the next highest shall be taken or the shop re-sold at his discretion.

10. Tenders after auction shall not generally be accepted. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction later on. But the Deputy Commissioner has full discretion on this point.

11. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of two months' rent (in addition to the deposit made under condition 2) for each shop unless the initial deposit equals or exceeds six months' rent. Should he fail to do so, the deposit made by him under condition 2 will be forfeited and the shops will be put up again to auction on the above conditions or otherwise disposed of as the selling officer may determine and the defaulter will be debarred from bidding again for the same or for any other shop.

12. Persons to whom shops have been knocked down and who have made deposits as provided in conditions 2 and 11 shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice and they shall also *deposit such further sum as with the former deposits will make up six months' rent. Such deposit should be paid into the Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address, or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and

* Deposits may be in cash or other approved security.

assigns. Should the initial deposit exceed the sum required to be deposited under this condition, the excess will be refunded unless the purchaser is required to make a deposit (twice that sum) under condition 13 *infra*.

13. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition 12 *supra* or to get a surety or sureties, residents of and possessing sufficient property in the Mysore State to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

14. As soon as the sales are over, the sale conducting officer shall forward a list of the successful bidders to the Amildar of the taluk concerned who shall enquire into the solvency of and record the amount of deposit or surety required from each purchaser. He should submit the list so prepared to the selling officer within five days of its receipt and the latter should submit the same with his remarks to the Deputy Commissioner for confirmation without delay.

15. On the failure of any person to make deposit under condition 12 or to comply with the requisition under condition 13 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop be re-sold or otherwise disposed of at the discretion of the Deputy Commissioner.

16. Re-sales effected under condition 15 will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

17. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

18. The deposit referred to in condition 12 or condition 13, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Deputy Commissioner and the licensee so agreed, it may be credited towards the last instalment of the khists payable by the latter.

19. The licenses issued under the above clauses will be subject to the following conditions:—

REVENUE DEPARTMENT.

Circular No. 13862-69, *dated* 6—18*th June* 1908.

The attention of Deputy Commissioners of Districts is invited to the Revenue Administration Report of the State for the year 1906-07 and the Order of Government thereon No. R 6799-809—L. R. 225-07-5, dated 23rd April 1908.

2. The District Reports should be submitted in a complete form with all the necessary enclosures so as to reach this office on or before 1st September 1908. As failure to comply with this requisition leads to delay for which Government holds this office responsible, it might become necessary to issue urgent telegrams to such Deputy Commissioners as fail to submit their reports in time at the cost of their office contingency.

3. Too much stress cannot be laid on the importance of the compilation of figures embodied in the report after careful scrutiny and verification. Firstly, the figures in the current year's report given for the previous year should be compared with those given in the previous year's report; secondly, the figures given under the same column at different times for the Administration Report of the State compiled and published by Government, for the Revenue Administration Report of the State and for the Statistical Report should be tallied; in cases of divergence, a short note explaining the cause of divergence should be appended.

4. The instructions issued in this office Circulars (1) No. 4408-15, dated 29th October 1906 (2) No. 11127-34, dated 1st April 1907 and (3) No. 3543-50, dated 15—17th September 1907, should be carefully attended to.

5. In paras 1, 5, 6, 10 and 14 of their Order No. 6799-809, dated 23rd April 1908, the Government have pointed out certain defects in the District Reports and issued instructions thereon. The Revenue Commissioner trusts that they will receive due attention.

6. In the month of September, work in this office will be very heavy especially as the Dasara Exhibition comes off about the end of the month. The Deputy Commissioners are specially requested not to delay the Revenue Administration Report or send it in an incomplete form, as the work will thereby be made heavier and delay ensues in the submission of the report to Government. The subordinate officers who have to furnish information should be urged to submit the same in time and warned that their names would be reported to Government for unreasonable delay.

Revenue Commissioner.

TREASURY ACCOUNT.

ANNUAL RETURNS OF ESTABLISHMENTS FOR 1ST JULY 1908.

Circular No. 2100—*T. A. D. I.* 2562, *dated* *June* 1908.

1. The Comptroller has the honor to request that the Officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1908 prepared in accordance with the instructions laid down in pages 26, 27 and 28 (Chapter 5), Volume I of the Seventh Edition of the Civil Account Code, *so as to reach this office not later than the 15th August* 1908.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and should show accurately the establishment as it exists on 1st July. In preparing it, the following instructions should be carefully attended to :—

(*a*) The name, designation and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown.

(*b*) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the exact date of birth by Christian era should be given as directed in Government Order No. Fl. 8225-67—S. A. 715-06, dated 2nd May 1907, and this office Circular No. 6402-70—A. C. 1036, dated 8—15th May 1907. This date can only be altered under the orders of the Local Government, except in the case of a clerical error. It should be noted that the column, "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(*c*) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not. If a post be vacant, the word *vacant* should be set against it in the column of "*Name of incumbent.*"

(*d*) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment: *there should be a separate total for each section*, besides the grand total.

(*e*) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i. e.*, rises from a minimum to a maximum by annual increment; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required under Article 62 of the Civil Account Code, which would accompany the July bill.

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of incumbent*" beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds his permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(*h*) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 4 should be given at back of the original return Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required

in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 286 of the Mysore Service Regulations).

(*j*) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, save in the cases excepted in clause (*a*) as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

6. Pay bills due 1st October will not be discharged at the treasuries unless accompanied by a certificate as follows:—

B[illegible] 07-4, dated the 17th October 1907, anent the establishment of toll-gates at Badad[illegible] Benkipur, Sowlanga, Riponpet and Tirthahalli.

Resolved that in the opinion of the Board, it seems unnecessary to establish toll-ga[illegible] the following places for reasons stated against them.

Benkipur.—The Shimoga Manganese Company have been rising the steam motar wa[illegible] and they are not likely to cart manganese ore by means of common carts and therefore est[illegible]lishing toll-gate here for loaded manganese carts appears unnecessary.

Sowlanga.—The Company whose manganese carts were plying through the Sowlanga ro[illegible] has stopped work at the mines and therefore the establishment of a toll-gate here also is n[illegible] desirable at least for the present.

Riponpet and Tirthahalli.—Till now no carts loaded with manganese ore have passed through these roads and therefore establishing toll-gates at these places is unnecessary.

As already resolved by the Board, a toll-gate may be established at Badadabyle and toll levied on all carts passing through this toll-gate. The amount of toll collections expected is sufficiently large to admit of the establishment of a toll-gate.

The members' register was not maintained separately. There was a loose sheet of paper containing all the names of persons who had promised to become members. The Secretary was directed to open a new book, and to enter the names of only those who had actually become members.

4. *Capital.*—The capital of the Society consists of 4,000 shares of Rs 5 each. The total number of shares taken up to the end of April 1908 was 570 of which 85 shares had been fully paid up. The paid-up capital amounted to Rs. 1,257-8-0.

8. *Committee Meetings.*—Five meetings of the Managing Committee were held during the three months of the Society's existence. Two members of the Committee were in arrears of their share instalments.

The total amount of loan up to the end of April 1908 taken up by the members was Rs. 5,465 and the interest realized was about Rs. 81. Twelve raiyats hired these ploughs and the amount collected from such hiring was Rs. 6-1-6.

REVENUE DEPARTMENT.

Notification No. 989—Per.-5, dated 21st July 1908.

Under Article 177 of the Mysore Service Regulations, Mr. C. Narayana Rao, Acting Amildar of the Gubbi Taluk now under orders of transfer to the Hole-Narsipur Taluk, is granted privilege leave of absence for one month, with effect from the 3rd August 1908 or such earlier date as he may be relieved of his duties at Gubbi.

No. 1047, *dated* 22*nd July* 1908.

The attention of the public is drawn to the Notice published in the *Mysore Gazette* dated 24th January 1901, warning them against meddling with the Cauvery Power Transmission Line. In spite of the distinct warning, it is regretted that accidents have happened resulting in loss of life in some cases.

2. It is reported that on the 31st of May 1908, a boy of about 18 years of age accidentally slipped from a tree and caught hold of one of the primary wires of No. 2 Bungalow Circuit in the Lal-Bagh road in Bangalore City, and this resulted in his immediate death.

3. Another Transmission Line from Sivasamudram for the electric lighting of the Mysore City will be shortly erected, and it is necessary to warn the public and the villages along the line, of the risk they run in interfering or meddling with the Transmission Lines. The Electric Transmission Line should not be confounded with the Telegraph lines in which the current is not very strong. The former line carries a powerful current and it would result in instant death if any person touch it with the naked hand, a stick or even a kite string. Should the line break and the ends fall to the ground, they should not on any account be touched, but the matter should be reported to the nearest authorities. The poles, wires or the glass insulators that carry the wires should not in any way be meddled with, either from curiosity or mischievous motives, and any attempt to meddle with them will be seriously dealt with by the Government.

No. 1152—*Per.*-5, *dated* 22—24*th July* 1908.

Under Article 177 of the Mysore Service Regulations, Mr. Mahomed Syed Sheriff, Acting Deputy Amildar of the Alur Sub-Taluk, is granted privilege leave of absence for one month with effect from such date as he may avail himself of the same.

The selected candidates must always be prepared to carry out whatever duties may be required of them, with the object of acquiring a thoroughly practical knowledge of every detail of the Printing and Stationery Departments, and with a view to preparing them for filling responsible positions in the Government Press and Stationery Depôt.

The Probationers will be required to attend the weekly technical training classes held by the Superintendent, and to subsequently pass the examinations held by the Madras Technical Education Board; and also to go to England, or any other foreign country, for further training if so required. Whilst at the Press they must conform to all the rules which regulate it.

The pay of each of the Probationers will be fixed at Rs. 50 per month, rising to Rs. 100 by annual increments of Rs. 25; their future pay being determined later on, after an examination to be held at the end of the three years' probation.
